Living the principles

“

*I was immediately intrigued by the concept of AgrAbility and the prospect of assisting farmers and agricultural workers with disabilities to remain in the work they love. I've since learned that the people we serve are like no other. Their will to succeed and their determination to continue working despite a disability is inspiring. As are the 'Aha moments' that happen when I talk or share with people about the work that I do. I'm so happy to be in this line of work and to be part of a team of colleagues that enjoy it as much as I do.*
