Living the principles

One of the first graduates of Pathways Academy--UCP's innovative independent residential living option--KiAndre has been a valued employee of UCP since 2015.

“

Some of the things I do at work are use the keys to lock and unlock file cabinets, file, sort mail, prepare mass mailings, and shred documents. But my favorite job is shredding. I enjoy working with everyone at Utley, but especially with Tina, Quinn, Sue, and Terri. My favorite moments have been the birthday parties (especially my own!), the Halloween Festival, and the Christmas parties. **I plan to stay with UCP until I retire in 2056.**”
