

I stay at UCP because....

I have developed a strong bond with staff and participants throughout different divisions. I LOVE UCP's principles and enjoy what we do! In my past employment, I did not feel like I was a part of a family like I do here at UCP. Watching each individual grow and prosper within themselves, in order to reach their goals, is very rewarding for me. I am happy to be a part of UCP and thankful to have met such wonderful groups of people!

My advice for new staff...

Coming into this field, you must keep an open mind. Every diagnosis affects people differently. Be patient, have fun, and put your heart into it. It only takes ONE person to make a difference in someone else's life!
